Steps to begin syncing your data

## Implementation Steps

1. A full list of attribute requirements for GDSN is available for review in Section 3 of this document. If you are currently unable to provide the full list of attributes requested, please send what you have available today. You can send additional attributes as they become available.
2. Complete the **Trading Partner Form** on the landing page at [https://www.1worldsync.com/community/customers/On Grocery/](https://www.1worldsync.com/community/customers/On%20Grocery/). On Grocery will contact you once they have created a subscription for your GLN and let you know when they are ready for you to publish your items.
3. Have your accurate item data loaded into your GDSN certified data pool and ensure it is ready for publication in Production.
  - a. Contact your data pool for any education you might require completing this step.

## Publication Steps

4. All Suppliers should publish **full catalog for all categories** to GLN **0860006017200** in Production.
5. For the first publication Suppliers are to publish all products as "NEW". If you are Publishing items that On Grocery already has in their back-end system, please Publish via "INITIAL LOAD."
6. On Grocery will provide a CIC-RECEIVED on all publications.

Attribute requirements:

Above and beyond the GDSN Mandatory attributes, On Grocery asks for the attributes outlined in the *Attribute Guide* in order to make their initiative successful.

Please note: If you are currently unable to provide the full list of attributes requested, please send what you have available today. You can send additional attributes as they become available.

***\*Please refer to the On Grocery Attribute Listing excel document within their 1WorldSync Landing Page***
