Note: McLane Foodservice operates independent of McLane Grocery. Suppliers to McLane Foodservice are requested to publish their product data to McLane Foodservice GLN **0048287000016** directly.

Data Synchronization Implementation Guide

2 STEPS TO BEGIN SYNCING YOUR DATA WITH MCLANE FOODSERVICE

1. Make sure all items you sell to McLane Foodservice are 100% barcode compliant.
2. If not already a member, join a GDSN data pool such as 1WorldSync
 - a. You can contact 1WorldSync at 866.280.4013 or businessdevelopment@1worldsync.com to get more information
3. Load you complete and accurate item data into your GDSN certified data pool and ensure it is ready for publication in production.
 - a. Contact your data pool for any education you might require to complete this step.
4. Understand McLane Foodservice's Attribute Requirements
 - a. **GS1 Foodservice Phase I and Phase 2 attributes**
 - i. McLane Foodservice is utilizing and requesting all GS1 Foodservice Initiative Phase 1 and Phase 2 attributes. For those organizations not currently providing Phase 1 and Phase 2 attributes, McLane Foodservice strongly recommends organizing, loading and sending these attributes via the GDSN at your earliest convenience. At this time, McLane Foodservice will take your data without P2 attributes populated.
 - ii. The GS1 Foodservice Initiative Phase 1 and Phase 2 attributes are located here: http://www.gs1us.org/sectors/foodservice/resource_library
1SYNC customers please refer to the 1SYNC Foodservice Attribute Mapping Guide located on the 1SYNC Solution Center/Foodservice tab/Implementation folder. This Guide will map all the Foodservice Common Names to a 1SYNC attribute and location.
 - b. **Additionally, McLane Foodservice is requesting all suppliers to provide below listed attributes:**
 - i. minimumOrderQuantity
 - ii. MinimumTradeItemLifespanFromProduction
 - iii. MinimumTradeItemLifespanFromArrival
 - iv. tradeItemTemperatureInformation/minimumTemperature
 - v. tradeItemTemperatureInformation/maximumTemperature
 - vi. additionalTradeItemIdentificationValue
5. Complete the McLane Foodservice Trading Partner Form (TPF) located at: <http://www.1worldsync.com/web/us/mclane-foodservice>.
6. McLane Foodservice will create a subscription based on the Information Provider GLN.
7. McLane Foodservice will send an email to the supplier's primary data synchronization contact when they are ready for the first publications. An Item List will also be provided along with a request for a sampling of specific items.
8. Publish items in production to McLane Foodservice GLN **0048287000016**
 - a. Publish as **Initial Load** the sampling of items indicated in the McLane Foodservice email.

Data Synchronization Implementation Guide

- i. A Review CIC will be generated automatically to let you know the item is being reviewed by McLane Foodservice.
 - ii. If data discrepancies exist, McLane Foodservice will communicate these via email or phone.
 - iii. If minimal data discrepancies exist, McLane Foodservice will instruct the supplier to publish the additional items. This may be a larger selection or the balance of all items. A list of items will be provided.
 - b. For New items, publish as Initial Load, only what has been agreed to be purchased by McLane Foodservice.
9. McLane Foodservice will provide feedback on publications using the following method:
- a. RECEIVED: Received but has not yet been reviewed for accuracy
 - b. REVIEW: Data needs to be reviewed by the Data Source
 - c. SYNCHRONIZED: Data recipient has received data they cannot synchronize
10. Send ongoing item maintenance notifications through your GDSN Certified Data Pool to McLane Foodservice. Existing items and new items to be published as "Initial Load".

Note: McLane Foodservice operates independent of McLane Grocery. Suppliers to McLane Foodservice are requested to publish their product data to McLane Foodservice GLN **0048287000016** directly.
