## 2 STEPS TO BEGIN SYNCING YOUR DATA

### Implementation Steps

1. A full list of attribute requirements for GDSN is available for review in Section 3 of this document. If you are currently unable to provide the full list of attributes requested, please send what you have available today. You can send additional attributes as they become available.
2. Complete the **Trading Partner Form** on the landing page at <https://1worldsync.com/community/find-a-trading-partner/hca-healthcare/>. The HCA/HealthTrust team will contact you once they have created a subscription for your GLN and let you know when they are ready for you to publish your items. They will also send you a list of the items to publish at this time.
3. Have your accurate item data loaded into your GDSN certified data pool and ensure it is ready for publication in Production.
  - a. Contact your data pool for any education you might require completing this step.

### Publication Steps

4. All Suppliers should publish the items provided from HCA/Healthtrust team to the Healthtrust GLN 1100097191328 in Production.
5. For the first publication Suppliers are to publish all products as "INITIAL LOAD."
6. Investigate and respond to "Review" CIC responses. HealthTrust will provide feedback on publications using the following method:
  - Received CIC – Item data was received
  - Synchronized CIC – Item data was accepted and integrated.
  - Review CIC – Please see "Review" for more details on your Sync Status Report
  - Reject CIC – HealthTrust does not need this item data.

## 3 ATTRIBUTE REQUIREMENTS

Above and beyond the GDSN Mandatory attributes, HealthTrust asks for the attributes outlined in the *Attribute Guide* in order to make their initiative successful.

Please note: If you are currently unable to provide the full list of attributes requested, please send what you have available today. You can send additional attributes as they become available.

***\*Please refer to the HealthTrust Attribute Listing excel document within their 1WorldSync Landing Page***

***\* Important Note\* We are asking as a minimum requirement to provide us a product image and the length, width, and height item dimensions for each unit of measure / level of the hierarchy published to our GLN.***
