2 STEPS TO BEGIN SYNCING YOUR DATA WITH TOPCO

Implementation Steps

1. A full list of attribute requirements for GDSN is available for review in Section 3 of this document. If you are currently unable to provide the full list of attributes requested, please send what you have available today. You can send additional attributes as they become available. The Topco Playlist can be leveraged for 1WorldSync Item Management users.

2. Complete the **Trading Partner Form** on the Topco Associates landing page at https://1worldsync.com/trading-partners/topco/. This will trigger the data sync process.

3. Have your accurate item data loaded into your GDSN certified data pool and ensure it is ready for publication in Production.
   a. Contact your data pool for any education you might require completing this step.

4. Publish all Topco-procured items to the Topco Associates GLN **0036800000001**
   a. Topco Master Data will review the publications and provide feedback on non-compliant items or any other issues with the item publications.

Publication Steps

1. All Suppliers should publish products that are sourced through Topco and all item levels in your packaging configuration (hierarchy) Each, Inner Pack, Case, and Pallet to Topco Associates GLN **0036800000001** in Production.

2. For the first publication Suppliers are to publish all products as "Initial Load."

3. Once items are published Topco will send a "RECEIVED" CIC response.

4. All item changes and future maintenance are required to be sent via the GDSN.
