1.1 Primary Data Synchronization Contact

Primary Data Synchronization Contact

Email: marketplace@healthepro.com

1.2 Health-e Pro GLN - Publish To

Production: 0869278000101 *(Health-e Pro)*

2 STEPS TO BEGIN SYNCING YOUR DATA WITH HEALTH-E PRO

2.1 Implementation Steps:

1. Fill out the Trading Partner Form on the Health-e Pro Landing Page:

   https://1worldsync.com/trading-partners/health-e-pro/

2. Have your accurate item data loaded into your home data pool and ensure it is ready for publication.

   a) Contact your data pool for any education you might require to complete this step.
   b) Ensure you are providing the necessary data attributes requested by Health-e Pro as outlined in Section 3 of this document.
   c) Have your complete and accurate item data loaded into your GDSN-certified data pool and ensure it is ready for publication in Production.
   d) Health-e Pro will create a subscription based on the Manufacturer's GLN. The

   specific focus should be the inclusion of the following information:

      a. Child Nutrition Labels
      b. Ingredient Lists
      c. Nutrient Labels
      d. Formulation Statements

2.2 Publication Steps

1. Health-e Pro requests their suppliers to publish ALL items that are suitable for school kids in K-12 and originated in the United States to Health-e Pro GLN (0869278000101).

2. Publish all items with a Publication Type of "New" for all new publications. Republish as "Initial Load" for items previously published to the Health-e Pro GLN.

3. Investigate and respond to "REVIEW" CIC responses. Health-e Pro will provide feedback on publications using the following methods.

2.3 Catalog Item Confirmations (CICs)

Health-e Pro will automatically return a CIC message to the supplier of "Received". However, the following CICs sent will be based on the following:

<u>CIC Messages:</u>

RECEIVED: (Auto Generated): Items have been received, but Health-e Pro has NOT made any GDSN validations. This response will typically be sent once publication for a specific document has been completed.

REVIEW: The item does not pass Health-e Pro GDSN validations, or the item has failed the audit process and therefore has data discrepancies to be reviewed and addressed. Health-e Pro will provide a reason as to why a specific item hierarchy is in this state for the applicable attribution.

SYNCHRONIZED: The item has been fully accepted and loaded into Health-e Pro's internal system and will be updated as modifications and corrections occur. This response will be sent after all validations and audits have been completed.

REJECTED: Health-e Pro no longer wants to receive publications or updates for this item to their internal back-end system or the item has been discontinued by the manufacturer or de-listed by Health-e Pro.
