## **1 INTERFLEX DATA SYNCHRONIZATION INFORMATION**

### **1.1 Primary Data Synchronization Contact**

Name: Patrick Hall  
Email: [datasync@interflex.net](mailto:datasync@interflex.net)

### **1.2 Interflex GLN - Publish To**

**Production:** 1200180693026

## 2 STEPS TO BEGIN SYNCING YOUR DATA WITH INTERFLEX

### 2.1 Implementation Steps

1. Fill out the Trading Partner Form on the Interflex Landing Page:

<https://1worldsync.com/trading-partners/interflex/>

2. Have your accurate item data loaded into your home data pool and ensure it is ready for publication.
  - a. Contact your data pool for any education you might require completing this step.
  - b. Interflex will create a subscription based on the Manufacturer's GLN.
  - c. Interflex will send an email to the supplier's primary data synchronization contact when they are ready for the first publications.

### 2.2 Publication Steps

1. Interflex requests their suppliers to publish ALL items to Interflex GLN 1200180693026.
2. Publish all items with a Publication Type of "New" for all new publications.
3. Investigate and respond to "REVIEW" CIC responses. Interflex will provide feedback on publications using the following methods.

### 2.3 Catalog Item Confirmations (CIC's)

1. Interflex, Inc will automatically return a CIC message to the supplier of "Received". However, the following CICs sent will be based upon the following:

#### **CIC Messages:**

**RECEIVED:** Items have been received, but Interflex has NOT made any GDSN validations. This response will typically be sent once publication for a specific document has been completed.

**REVIEW:** Item does not pass Interflex GDSN validations, or item has failed audit process and therefore has data discrepancies to be reviewed and addressed. Interflex will provide a reason as to why specific item hierarchy is in this state for the applicable attribution.

**SYNCHRONIZED:** Item has been fully accepted and loaded into Interflex internal system and will be updated as modifications and corrections occur. This response will be sent after all validations and audits have been successfully completed.

**REJECTED:** Interflex no longer wants to receive publications or updates for this item to their internal back-end system, or the item has been discontinued by the manufacturer or delisted by Interflex.

### **3 ATTRIBUTE REQUIREMENTS**
