

Provide Your Product Information and Sell Your Product Through Kroger's Digital Channels

Providing information about your products via Vendor Item Portal (VIP) is required for Kroger to purchase your product and ensure its placement on Kroger's digital sites.

Here are the steps to get your products on Kroger's digital sites:

1. Gain access to Kroger's Vendor Item Portal
2. Capture images of your product, meeting Kroger's requirements
3. Provide your product information through VIP, including the hosting location of your images

1WorldSync Fast Track

Kroger's recommended Fast Track option will expedite the VIP process, ensuring you meet Kroger's requirements the first time.

Increase Your Sales

75% of online shoppers are more likely to switch to a brand that provides more in-depth product information¹

On average, in-store items see a **7%** increase in sales via placement on Kroger's Pickup

¹Food Marketing Institute (FMI) 2018

Image Capturing

1WorldSync captures images of your products, meeting Kroger's image requirements as well as the requirements of other retailers.

Image Hosting

Images are hosted on your behalf, enabling electronic delivery to Kroger (and other retailers with 1WorldSync data pool membership).

Information Loading

1WorldSync quickly formats, loads, and delivers your product information, including images, saving you time and effort.

Kroger Recommended Fast Track Package, includes image capture, image hosting and information loading (Best Value): **Pricing starting at \$80/item**

Get your products on Kroger's digital channels today!
