

Steps for Synchronizing GDSN Data with Feeding America

1. Review the Feeding America Implementation Guide for attribute requirements
2. Verify your data and load items into your data pool. Contact your data pool for any education needed to complete this step.
3. Complete the [Trading Partner Form](http://pdm.1sync.org/customers/feeding-america) at <http://pdm.1sync.org/customers/feeding-america>
4. Feeding America will create a subscription for your information provider GLN/Target Market U.S.
5. Publish to Feeding America GLN of **1100001016020**.
6. Feeding America will send the ACCEPT CIC back when they have processed the published item into their internal system.
7. Suppliers should continue to send changes and correction for the items synchronized with Feeding America
