Data Synchronization Implementation Guide

2 STEPS TO BEGIN SYNCING YOUR DATA WITH THE HOME DEPOT

1. Have your accurate item data loaded into your home data pool and insure it is ready for publication
 - a. Contact your data pool for any education you might require to complete this step.
2. If not already a member, join a GDSN data pool such as 1WorldSync
 - a. You can contact 1WorldSync at 866.280.4013 or businessdevelopment@1worldsync.com to get more information
3. Complete the The Home Depot Trading Partner Form found on <http://www.1worldsync.com/customer-page/the-home-depot/> .This will trigger the data sync process.
4. Review attribute requirements available via [The Home Depot data sync landing page](#), to insure you can meet our requirements. You can also access the [attribute guide here](#).
5. The Home Depot will create a subscription based on the Information Provider GLN supplied via the Trading Partner Form.
6. The Home Depot will send email to the supplier's primary data synchronization contact when they are ready for the first publications.
7. Publish **all items you would like to make available to The Home Depot** in production to The Home Depot GLN 0048834000117
 - a. For the first publication Suppliers are to publish all products "Initial Load"
 - b. Suppliers will be able to leverage the published GDSN data to complete the new item setup process in The Home Depot vendor portal i.e. IDM.
